Experience

Software Engineering Immersive Fellow

General Assembly   September 2019- December 2019
- ➤ Trained in a multitude of programming languages and technologies with front-end and back-end programming fundamentals.
- ➤ Created RESTful API's and used data integration from third party API's for full-stack applications both in a team and individual setting.
- ➤ Utilized Git/Github for version control.

Featured Projects:
- ➤ **Tic-Tac-Toe** *(Individual):* Built front-end application with game logic to produce Tic-Tac-Toe game that communicates with third-party API to provide user with authorizations and game data. Technologies used were HTML, CSS, Sass, Bootstrap, JavaScript, jQuery, AJAX, and JSON.
- ➤ **Paranormal Encounters Web App (**Individual): Developed single-page full-stack application to allow users to log any paranormal encounters they've had. Technologies used were HTML, CSS, Sass, Bootstrap, JavaScript, Handlebars, jQuery, AJAX, JSON, Ruby, and Ruby on Rails.
- ➤ **Bucket List Web App** (Group Project): Developed full-stack single-page web application for users to create and save their own bucket list. Technologies used were HTML, CSS, Sass, Bootstrap, JavaScript, Handlebars, jQuery, AJAX, JSON, and MongoDB.
- ➤ **Tat, Too** (Individual, Capstone Project): Developed full-stack web application that allows users to save a collection of their tattoos including information for artist and location integrated with Google Maps API. Technologies used include React, Axios, Bootstrap, Ruby on Rails, and Sketch 3 for wireframes/ ERD.

Community Coordinator

WinnCompanies   August 2018- September 2019
- ➤ Taught intro computer class to residents through "Tech Goes Home"
- ➤ Connected low-income, multicultural residents to resources and services based on needs for housing, education, health, finances, and employment.
- ➤ Independently created an average of 20+ events per month
- ➤ Ran afterschool program on site including managing youth staff, creating daily activities, and homework help.

Volunteer Experience

Volunteer Staff and Help Line

Cambridge Women's Center   March 2019- Present
- ➤ Worked to foster a supportive space and advocate for primarily vulnerable, low-income women in the Greater Boston area. Answered help hotline and spoke to women who needed emotional support or resource referrals.

Volunteer Office Support

Massachusetts General Hospital   March 2018- August 2018
- ➤ Assisted in MGH Volunteer Department to coordinate volunteer schedules and support MGH's Volunteer Coordinator.
